4. Talking subjects 13:00-16:00
  - (1) ISTC's mission and the objectives of the meeting  
(International Science & Technology Center)  
Mr. Talaibek Makeev
  - (2) Characteristics of interpolyelectrolyte complex for radionuclides and heavy metals  
(Institute of Chemistry and Chemical Technology, National Academy of Sciences)  
Dr. Kamila Kydralieva
  - (3) Nanocomposite 'humic substances –magnetite' for decontamination of uranium  
(Institute of Chemistry and Chemical Technology, National Academy of Sciences)  
Dr. Bermet M. Khudaibergenova
  - (4) Transport behavior of humic acid in porous media (University of Tsukuba)  
Dr. Yuji Yamashita
  - (5) Adsorption of polyelectrolytes on the colloids (University of Tsukuba)  
Dr. Yasuhisa Adachi
  - (6) Promises of humic substances and polyelectrolytes in green technology (Discussion)
5. Fee: Free

Those who would like to join this meeting should contact in advance to Yasuhisa Adachi.
